SEQUENTIAL PERFORMANCE IMPROVES

# Volatile equity market hits NFO inflows in Q2

PRESS TRUST OF INDIA  
New Delhi, November 13

**ASSET MANAGEMENT COMPANIES (AMCs)** mobilised ₹17,805 crore through 67 new fund offerings (NFOs) in the September quarter, a 64% decline from the year-ago period, on expensive valuations and high volatility in equity markets.

However, sequentially performance was much better. The first quarter (April-June) of the current fiscal saw only four NFOs, garnering ₹3,307 crore, according to data compiled by Morningstar India.

There was a lull in the NFO space in the first quarter due to Sebi's restrictions on launching new schemes. Generally, NFOs hit markets due to sev-

**Q2FY23 saw 67 new fund offerings. Cumulatively, they were able to garner ₹17,805 crore**

eral reasons, like AMCs considering that there is a gap in their product offerings, and want to build access to various market scenarios using particular strategies.

According to Morningstar

India, Q2FY23 saw 67 new fund offerings. Cumulatively, they were able to garner ₹17,805 crore. In comparison, 43 NFOs floated in July-September 2021 were able to mobilise ₹49,283 crore.

Manish P Hingar, founder of Fintoo, attributed the lower fund mobilisation to expensive valuations.

"Today, the market is trading at a higher level and is a bit expensive. As a result of that, investors are currently hesitant to enter the market. This is the reason why you may find less amount mobilised in the current quarter," he said.

Another factor could be high volatility in the equity markets, Abhishek Dev, CEO and co-founder of Epsilon Money Mart, said.

## Markets to track global factors

PRESS TRUST OF INDIA  
New Delhi, November 13

**INFLATION DATA, GLOBAL trends and foreign fund trading activity** are the major factors that would drive the domestic equity markets this week, said analysts. The last batch of the ongoing quarterly earnings would also influence trading, they added.

Unabated foreign fund inflows and rally in global equities drove the equity benchmarks higher on Friday. The Sensex zoomed 1,181.34 points to settle at 61,795.04 — crossing its previous closing peak of 61,765.59 on October 18, 2021.

"The sentiment will continue to be driven by the movement of the world markets. The market will be keeping an eye on our domestic inflation statistics," said Praveesh Gour, senior technical analyst, Swastika Investmart.

## Suryoday targets 10% net interest margin

AJAY RAMANATHAN  
Mumbai, November 13

**SURYODAY SMALL FINANCE Bank** is targeting a net interest margin of 9-10% in 2022-23, its managing director and chief executive officer Baskar Babu Ramachandran has said.

The Mumbai-based small financier announced its results on Friday, with its net interest margin rising to 9.2% for the quarter of July-September from 9.1% a year ago. Its net interest income rose 19.5% year-on-year (y-o-y) to ₹175.9 crore.

Suryoday SFB's gross advances rose 20.3% y-o-y to ₹5,378 crore as on September

Baskar Babu Ramachandran, MD & CEO, Suryoday SFB

30. The small financier is targeting a loan growth of 25-30% y-o-y and a deposit growth of 30-40% y-o-y in 2022-23.

Micro-finance loans constitutes 64.4% of the lender's total advance book. Secured lending

portfolio includes affordable loans for housing, micro business and commercial vehicles.

The small financier is currently testing its two-wheeler loans and the average ticket size of these is expected to be ₹50,000-1 lakh. "We see a large score in extending pre-approved two-wheeler loans to our existing micro-finance customers in specific geographies," Ramachandran said.

"We aim to deliver a customer experience where the lady of the household wants to buy a two-wheeler loan need not go to a two-wheeler dealership and give documents. It is a pre-approved loan," he said.

Ramachandran expects mortgages, secured business loans, small ticket mortgages, home loans and commercial vehicle loans to constitute 90% of its secured loans.

The small financier's total deposits rose 34.5% y-o-y to ₹4,207 crore as on September 30. Its deposit growth has surpassed its loan growth. Specifically, retail deposits stood at 72% of total deposits. "The ideal composition of retail deposits should be 80% but we are okay with 70%. Deposit mobilisation is a little more challenging in the current environment. Most of our wholesale deposits are non-callable in nature," he said.
